

Green Dot Road Map

Touring the Ahtanum Green Dot Road System

1. Ahtanum Meadows Campground
2. Tree Phones Campground
3. Eagle's Nest Lookout
4. Clover Flats Campground
5. Darland Mountain
6. Grey Rock Trailhead
7. White's Ridge Loop

The easiest way to navigate these roads is by downloading the Department of Natural Resources (DNR) mobile map for this forest by following this link: dnr.wa.gov/MobileMaps. You'll be able to see your location in the map even though there's no cell service. Be sure to tell someone where you're going, especially if you are venturing out alone. Carrying a paper map (which can be downloaded from our website) and compass is always a good idea too.

You will need a Discover Pass to park at all of the sites mentioned in this list, as it is required for parking on lands managed by the Department of Natural Resources.

If you're the more adventurous type, the green dot road system also offers hundreds of miles of more challenging roads, which require 4x4 or off-road vehicles to access. In Ahtanum specifically, you could go and visit Louie Way Gap, or drive by Dome Peak.
